

GET MORE COMFORTABLE WITH WHOLE HOME IMPROVEMENTS

A Home Energy Assessment is a check-up for your whole home to ensure it's working its very best. The assessment will help identify what improvements will lower your energy costs and improve your overall comfort. Sun Prairie Utilities will cover half of the cost (up to \$300) of completing a Home Energy Assessment by a certified Focus on Energy Trade Ally.

Make recommended improvements identified in a Home Energy Assessment. Improvements like air sealing, additional insulation, and upgrading heating and cooling equipment can lower your energy bill and make your home more comfortable. Focus on Energy offers up to \$2,250 in incentives on these improvements.
